

Marrying someone from a different culture may force a woman to live in her partner's country. Living in a country outside of her own may be ( A ) in the beginning, but gradually this feeling will be replaced by a strong desire to return home. This homesickness is reduced in some people while increased in others, depending on their personal histories and what their home means to them. Homesickness is so ( B ) for the female spouse who cannot visit her home, family or friends for long. Also, when the woman leaves her country, she is leaving her position in her society as well.
